Graduation Completion Rate...	97%	* Certificates of Completion issued by the district	
		** Limited English Proficient (LEP)	

Highlights

After three years, the District has finally completed its implementation of new reading and math curricula. In order to meet the needs of the Hispanic community, we have offered a variety of Spanish opportunities for students and parents. These include building-level language classes for staff, community presentations, and a bilingual education pilot in one elementary. Extensive professional development classes continued which included weekly training classes and a district-wide health fair for teachers. Thanks to a staff of highly dedicated staff members, Fremont School District is continually striving to improve to meet the needs of a diverse population of students.

Progress Towards Meeting Goals

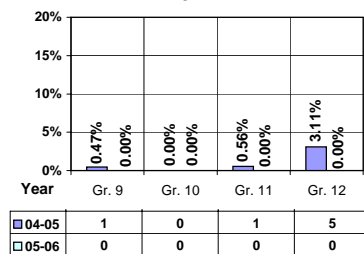

2005-06 Goals	Progress
Develop a comprehensive reading improvement plan	The District has completed a K-6 implementation of a scientifically research-based reading program and a series of intervention programs.
Develop enhanced professional development	By adding several full-day theme-based inservice days to the existing after-hours program, more teachers participated in the quality professional development. We also added Spanish and sign language classes.
Curriculum realignment	With the newly approved State Achievement standards, the District has started the process of realigning the curriculum, assessments, and instructional calendars.

Adequate Yearly Progress and Assessment : 2005-06

Did Fremont County Jt District make Adequate yearly progress for 2005-06? No

Percent of the 41 targets that Fremont County Jt District made: 90.24%

The goal in our nation is for all students in grades 3 through 8 and 10 to be proficient in reading and math by the spring of 2014. Idaho uses the Idaho Standards Achievement Test (ISAT) and the Idaho Alternate Assessment (IAA) to measure proficiency. This report shows the percentage of students who met state goals for proficiency in reading and math.

More Information is available at: <http://www.sde.state.id.us/admin/ayp05/default.asp>

To Protect the privacy of individual students the following symbols are used.

^ No participation determinations are made for groups of less than 10 students. The participation rate of students in this group is included in district and state totals.

~ No proficiency determinations are made for groups of less than 34 students. The proficiency level of students in this group is included in district and state totals

3rd Indicator - Graduation Rate
